

SERVICE PRICING

Military-grade security testing with flat, honest pricing. Every price below is a starting point for a typical small-business scope – your final quote comes after a free scoping consultation.

OFFENSIVE SECURITY

PENETRATION TESTING

Comprehensive assessments that identify and exploit vulnerabilities in your infrastructure – reported with proof of concept, not guesswork.

- | | |
|--|--------------|
| ▶ External network penetration test | from \$4,500 |
| ▶ Internal network penetration test | from \$6,000 |
| ▶ Web application penetration test | from \$4,500 |
| ▶ Mobile app / API security assessment | from \$6,000 |

VULNERABILITY ASSESSMENT

Systematic identification and prioritization of security weaknesses, with clear remediation guidance.

- | | |
|--|----------------------|
| ▶ Infrastructure scan & prioritized report | from \$1,500 |
| ▶ Quarterly scanning program | from \$900 / quarter |

RED TEAM OPERATIONS

Full-spectrum adversarial simulation – digital, social, and physical – against real-world attack scenarios.

- | | |
|--|---------------|
| ▶ Full-spectrum red team engagement | from \$12,000 |
| ▶ APT simulation / social engineering campaign | from \$6,000 |

OSINT OPERATIONS

Open-source intelligence gathering that maps your digital footprint and finds what adversaries can already see.

- | | |
|-------------------------------------|--------------|
| ▶ Digital footprint assessment | from \$2,000 |
| ▶ Breach exposure & dark web report | from \$2,500 |
| ▶ Corporate intelligence package | from \$4,000 |

PHYSICAL SECURITY & ACCESS CONTROL

Real-world facility testing – lock bypass, tailgating, social engineering, and access control evaluation.

- ▶ Facility penetration test from \$4,500
- ▶ Access control & lock assessment from \$2,000

LOCKSMITHING — ENTRY & OPENING

Non-destructive lock picking and entry when you're locked out. Opening only – we don't repair, rekey, or replace locks. \$100 minimum on all lockpicking work. Proof of ownership or written authorization required for all entry work.

- ▶ Residential lockout entry from \$100
- ▶ Vehicle lockout entry from \$100
- ▶ Commercial lockout entry from \$150
- ▶ Padlock opening from \$100
- ▶ Tubular locks (vending, cam & bike locks) from \$100
- ▶ Cabinets, desks & TSA / luggage locks from \$100
- ▶ Safe opening (select models, non-destructive) from \$250
- ▶ After-hours emergency call-out +\$75

RF & WIRELESS SECURITY

Full-spectrum radio frequency assessments using professional SDR and specialized hardware.

- ▶ WiFi penetration test (WPA2/WPA3) from \$3,500
- ▶ Full-spectrum RF assessment (SDR, Sub-GHz, BLE, NFC/RFID) from \$4,500
- ▶ TSCM bug sweep – vehicle from \$750
- ▶ TSCM bug sweep – home from \$1,500
- ▶ TSCM bug sweep – office / business from \$2,500

RESPONSE & RECOVERY

INCIDENT RESPONSE

Rapid containment, investigation, and recovery when a breach occurs. We stop the bleeding and get you back operational.

- ▶ Emergency response \$300 / hr - 4-hr minimum
- ▶ IR retainer (priority response, discounted rate) from \$1,500 / month

DIGITAL FORENSICS & DATA RECOVERY

Post-incident investigation, evidence preservation with chain of custody, and recovery from damaged or compromised systems.

- ▶ Forensic investigation \$250 / hr
- ▶ Data recovery (single device) from \$500
- ▶ Forensic report for legal / HR proceedings from \$2,500

IOT & EMBEDDED SYSTEMS SECURITY

Hardware-level assessments – firmware, JTAG/UART/SPI interfaces, and custom exploit development for embedded targets.

- | | |
|---|---------------------|
| ▶ Device security assessment | from \$6,500 |
| ▶ Firmware extraction & reverse engineering | from \$7,500 |

CUSTOM TECH SOLUTIONS

Custom pentesting tools, hardware devices, automation, and security infrastructure design.

- | | |
|---|---------------------------|
| ▶ Custom tooling, hardware & automation | Quoted per project |
|---|---------------------------|

SECURITY AWARENESS TRAINING

Live and on-demand training built for non-technical employees – phishing simulations to board-level briefings.

- | | |
|---|---------------------|
| ▶ Phishing simulation campaign | from \$1,200 |
| ▶ On-site awareness workshop (half day) | from \$1,500 |
| ▶ Tabletop incident response exercise | from \$2,500 |

EVERY ENGAGEMENT INCLUDES

- | | |
|--|---|
| ▶ Scope definition & rules of engagement | ▶ Detailed findings report with severity ratings |
| ▶ Proof of concept for every finding | ▶ Actionable remediation guidance |
| ▶ Retest after fixes – included, not extra | ▶ Direct access to the operators who did the work |

"From" pricing reflects a typical small-business scope; final pricing is fixed in a written quote after a free scoping consultation – no surprises mid-engagement.

On-site work beyond 60 miles of LaGrange, GA may include travel costs, quoted up front.
